

## **Companions Pet Care Services**

### **How we will care for your Pet and Home while you are away**

Our Goal at Companions Pet Care is to provide you with peace of mind, and your pet with the care and love they deserve while you are away. The staff of Companions Pet Care are Certified in Feline and Canine CPR as well as being certified in first aid care for pets, both of these provided by the American Red Cross. Not only are we qualified to care for your pet but we also can deliver the attention and love they deserve. We will care for each pet based on their own unique personality. Whether it is play time with a favorite toy or simply, a belly rub we will be there to keep them safe, happy and content in their own atmosphere, stress free. This can be while you are away on vacation or simply at work. We will be glad to drop in and give them some company and a potty break, this can be one time a day or several, whatever you need.

We also will provide you with a short video clip of your pet, daily at no extra charge. I know many times when I am away from my little ones. Even though I know they are being well cared for I have always wanted to see them just to see that they are happy and ok. So we can e mail the clip or text it to you, whatever is best.

If you need us to take them to the vet or groomer we can do that too. Simply call and we can drop by and pick them up, and even bring them home again if you want. This can add more time to your busy schedule.

If you need us to we can water your plants, take out the garbage or recycle and even get your mail from the box. If you think "Oh no, I forgot to turn the coffee pot off! Call us, we'll gladly check it out and make sure your home and pet are safe and secure. Anyway we can help out just ask and we will if we can !!

## Who we are

### R Dean Green- Owner/Pet Sitter

CPR-First Aide Certified for your pets

Insured

I have had an extensive career in the healthcare field and have recently decided to join with Companions Grooming and form Companions Pet Care Services. I can provide the most basic of care for your pet/s as well as administering medications if needed. I have 3 Pomeranians of my own and have never felt comfortable, with even he thought, of boarding them. I much prefer to have someone come to my home and care for their needs. I know that they are happier and safer, at home in their own environment. A pet sitter can also add a sense of security for you. Knowing that your home and property will be looked after while you are away. I hope you consider our service and know that we are dedicated to the care of your pet while you are away.

### Jeff S. Martin- Groomer/Pet Care Specialist

## **Pet Care Service Fees**

### **Pet Care Visit - \$20.00**

The most common service we provide. Generally a 25-30 min visit, to refresh water and feed if needed. A walk or romp in the yard for dogs and maybe just some interaction for our feline friends. This is generally the service I get for my own Pomeranians. It gives them a chance to eat, play a little and potty. This service fee is good for up to 3 dogs/cats. An additional \$5.00 fee added for each additional pet.

If the visit takes over 30 minutes to complete, then an additional \$15.00 will be added for each additional 15 minute period.

### **Special Needs Service \$25.00**

This service is for the pet with special needs that may require more time and attention than a typical visit. This would include IV or subcutaneous IV administration. A flat fee of \$25.00 is applied for the first 25-30 minutes. If this visit takes more than 30 minutes to complete then an additional \$20 will be applied for each 30 minute time period.

**Taxi service** to the vet or groomers is also available. Flat fee of \$15.00 for 10 miles or less. If more than 10 miles then an additional charge of \$5.00 for each 5 miles. This fee also applies if food or supplies must be purchased for your pet(s).

*We are Certified in Feline and Canine First aide and CPR.*

*You can rest assured, We are Insured*
